Please could you:

Have your prescriptions ready in a Parcelforce bag with the GP34 by 9am on the dates listed.

Use more than 1 bag when needed and be careful to seal only when ready to go as the seal is permanent.

Secure your prescriptions with bands to avoid them coming loose during transportation.

For more tips on how to pack your courier bags, visit our website at www.cps.scot/courier

- When the driver arrives, you should always ask to see a copy of the driver's identity card.
- Please copy the 'Customer Use Only' number from the label on your Parcelforce bag onto your pharmacy receipt and ask the driver to sign for the collection. This will help us if we ever need to track your prescriptions.
- If your prescriptions are not ready for collection, please contact us immediately to discuss arrangements to get your submissions to Bain Square. This may incur a further collection cost to your pharmacy. In case of any problems or if you need more bags, **please call us on 0131 466 3540.**
